## Diplomats Ignoring Red Blast

### Continue Pact Signing Plans

WASHINGTON — (INS) — North Atlantic foreign ministers calmly went ahead today with plans for Monday's signing of their historic pact and ignored a Russian blast labeling it as aggressive.

**Any action taken on the Soviet protest filed with the United States, Canada, Britain, France, Belgium, the Netherlands and Luxembourg is certain to be a flat rejection. Some thought is being given to ignoring it completely.**

Officials are convinced that the Russian note was issued primarily for propaganda purposes. It appears to call for no answer and indicates that Politburo officials who prepared it have not read the text of the treaty.

As a countermove, however, if only for relay over the Voice of America and other mediums which reach behind the iron curtain, a formal reply meeting the Soviet charges one by one is regarded as necessary.

**BLAST FAILED**

If it was designed to cause dismay among the visiting dignitaries who are to sign the Atlantic pact; it missed its point badly. Most refused even to comment on the Russian charges. Those who did, treated them with indifference.

In what may be a sort of dress rehearsal for the Monday big show, which President Truman will attend, the eleven visiting foreign ministers will meet today.

They will pass on plans drawn up for the formal signing in the presence of top officials and western power diplomats. These call for each to make a five-minute speech, to be followed by a slightly longer address by Mr. Truman.

**The President may take the occasion to lash out at Russia's charges of aggression and point out that the fears of western Europe over Moscow's belligerent tendencies forced the adoption of the most important military alliance in recent history.**

Aside from planning the Monday ceremony, the foreign ministers also must discuss machinery to implement the pact. This is to be a council with a series of committees. Chief of these is the defense committee which will maintain international plans for meeting aggression anywhere.

## ERP Slash Defeated

WASHINGTON — (AP) — A major victory under their belts, Senate leaders pushed today toward final approval for the $5,580,000,000 European Recovery program.

**While a pile of policy-changing amendments lay ahead, what was probably the biggest threat to the bill for a second-year Marshall plan was smashed last night. That was the proposal of Senators Taft (R-Ohio) and Russell (D-Ga) to cut the cash outlays for foreign aid 10 per cent.**

The Senate beat back the Taft-Russell amendment by a lopsided 54 to 23 vote. But because of the stack of amendments still awaiting action, there was a chance a final vote would be delayed until next week despite today's unusual Saturday session.

In any case, Democratic leader Lucas of Illinois said, all remaining amendments seemed sure to be defeated.

## Reds Admit Slaying Of American Woman

SEOUL — (INS) — South Korean authorities announced today that four communists have admitted the slaying of Mrs. Ethel Underwood, 60, an American Presbyterian missionary.

The interior ministry said that the four confessed slayers—members of the communist student league—related that they intended to kill Miss Yoon Sook Mo, anti-communist poetess.

# Liquor Spots Are Rapped for Punch Boards and Tip Sheets

Displaying punch boards and tip sheets, along with illegal sales in one instance, resulted in the suspension or revocation of three Mansfield area liquor licenses today.

The George Broderick Post No. 291, Veterans of Foreign Wars, located on Shelby R. D. 3, had its D4 private club permit suspended for 30 days. The revocations were against Wilbur Wade jr. and Richard T. Roberts, who operate a restaurant in Orchard park, near Lexington on U. S. 42, and Hank's Lunch, operated by W. B. Lewis and John Doyle at 187 West Sixth street, Mansfield.

The State Department of Liquor Control reported the Shelby VFW post violation occurred Feb. 22 at 8 p. m. when tip sheets were found on the premises by raiding agents.

It reported gaming tickets and punch boards were found at the restaurant near Lexington on a 7:30 p. m. raid on Feb. 17.

The Hank's Lunch citation, on five provisions, chared that raids on Feb. 5 at 2:45 and 3:25 a. m. revealed punch boards and intoxicating liquor sales after hours.

The other 30-day suspension order today was against the Fraternal Order of Eagles No. 2436, Bainbridge township, Chagrin Falls. It was a private club charged with displaying gambling devices.

The case of Arthur J. Packard, Dan Emmett Grill and Hotel Curtis, Mt. Vernon, beer and whisky, was withdrawn from consideration of the board by the attorney general's ofice. Original charges were sales to persons not seated at tables and sales to minors.

Meanwhile in Columbus fourteen men were under arrest today, charged with gambling, as Columbus city officials made a pact to crack down on organized gambling.

Safety Director C. C. Cole, Judge John M. Matthias and City Attorney Richard W. Gordon held a conference yesterday and pledged mutual cooperation in efforts to suppress gambling in the state capital.

## Tiro Bank Robbers Get 15 Years

### Bandits Ordered to Separate Prisons

The Tiro bank robbers received long prison terms late yesterday in the federal court in Cleveland, and Judge Paul Jones said he thought it would be best to have them sent to separate prisons.

**The bandits Elmer E. Chronister, 30, of Plymouth, an ex-Mansfielder, and Homer Brown, 23, of Shiloh, were sentenced to 15 years each.**

Judge Jones, in passing sentence, said "There's bad blood between you," adding that it would be best for them not to serve their sentences in the same prison.

Brown was convicted by a jury of the Famers and Citizens Bank, after a two-day trial in which Chronister testified against him. Chronister pleaded guilty on Monday.

Chronister named Brown as his accomplice. Chronister was captured by FBI agents Feb. 19 in Euclid.

Both men had previous records. Brown was serving an 18-month prison term in the federal penitentiary at Lewisburg, Pa., for transporting a stolen car across a state line, when he was returned to Cleveland for trial.

The car had been stolen in Shelby and taken to Kentucky on Nov. 28 of last year the FBI said. Brown was convicted on the theft charge in January.

**He had served a previous sentence at Lewisburg for transporting a stolen car across a state line. Brown served a term in the Mansfield Reformatory for car theft, from May 19, 1945 to May 16, 1946.**

The FBI reported that Chronister had a long record of petty crime.

The FBI was aided in solving the crime by Marshal Robert Meiser, of Plymouth.

## *Outdoor Rest Room Comes High*

The cost of an outdoor rest room for the Charles Mill lake picnic area is going to be slightly more than $1,500.

Directors of the Muskingum Conservancy district, with headquarters at New Philadelphia, announced they had let a contract for six of the conveniences at lake areas under their control.

Including a bath house for the Atwood Lake park, in Carroll county, the entire bill came to $19,333.

The directors said most of the buildings were "triple, deluxe models."

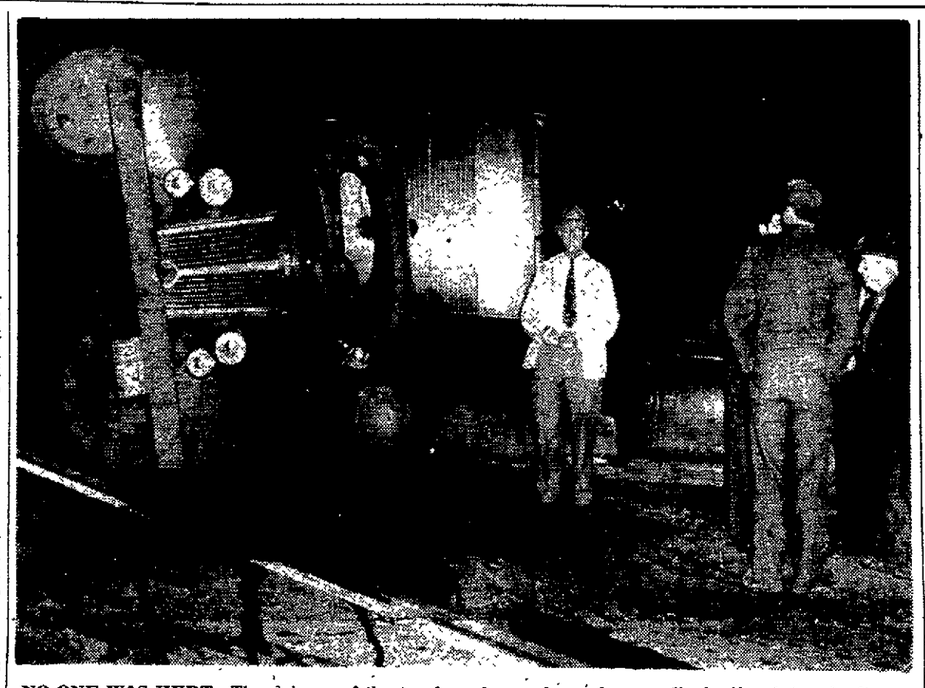

They explained that the high cost was caused by waterproof concrete construction demanded by the state board of health.

## Truman Remembers Retired Circus Man

CINCINNATI — (AP) — Sol Stephan, who came to Cincinnati with a circus and an outlaw elephant, and stayed to give 67 years of his life toward developing the now famous zoo, will be 100 years old tomorrow.

The big, white-haired, jovial fellow has been in retirement for 12 years, but the city fathers and his friends have not forgotten him.

Neither has President Truman, for the elderly gentleman received a letter from him today, extending best wishes for a happy anniversary.

**NO ONE WAS HURT**—The drivers of the truck and car shown here walked off uninjured after a collision on U. S. Route 30-N, five miles west of Crestline, last night. Standing with his back to the camera is George Hauck, of Winona Lake, Ind., driver of the semi-truck. W. S. Starr, of Crestline, R. D. 1, was the driver of the badly-damaged car.

## Two Escape In Collision

### Truck, Car Crash Near Crestline

A resident of the Mansfield area and an Indiana truck driver escaped injury in a truck-car collision on U. S. Route 30-N, five miles west of Crestline, at 10:40 p. m. yesterday.

**The accident involved a semi-truck driven by George Hauck, Winona Lake, Ind., and a car driven by W. S. Starr, Crestline, R. D. 1.**

According to the Crawford county sheriff, Hauck, traveling west, attempted to pass a truck. As he was pulling over the center line, he saw Starr's car approaching from the opposite direction. Hauck swerved over to the berm of the road, but was unable to avoid colliding with Starr's car, the sheriff said.

The truck overturned and both truck and car were badly damaged.

## 6 Shots Halt Accused Thief

WHITE PLAINS, N. Y. — (AP) — Handsome Gerard Graham Dennis accused society burglar, was back in jail today and said to be in a "very glum" mood.

He tried to get away last night, but didn't make it.

A rookie patrolman, Cornelius Mullane, 27, outran the dapper Canadian and captured him after a three-block, gunfire-punctured chase through streets, alleys and over backyard fences.

Six shots were fired at the fleeing prisoner as an early evening crowd ducked into doorways and flattened themselves against walls. No one was hit.

### Retires to Sanatorium

## *Advice Pours In for Doomed Mrs. Heart*

OKLAHOMA CITY—(AP)—Mrs. Heart headed for a sanitarium today—to get away from it all and nurse her peculiar life-and-death problem in secrecy.

She will try to digest the enormous outpouring of advice that has flooded in on her from coast-to-coast after she made her appeal for help through the Daily Oklahoman here.

At a loss for the answer, the moderately wealthy 51-year-old woman posed her problem to the public—

**With heart trouble, and only a year to live, what should she do with $10,000 she has set aside to spend as she pleases?**

The newspaper verified her grim story, pledged itself to hold her real name in confidence, and Wednesday night asked its readers to come forward with ideas. The story was immediately relayed nationally.

**LETTERS POUR IN**

The response was astonishing. The Oklahoman answered nearly 1,000 telephone calls yesterday—many from far-distant states. Letters by the hundred and telegrams by the dozen poured in.

The excitement was almost too much for Mrs. Heart. Worse, she feared some of her friends may have guessed her true identity.

"She's going to think things over in the sanitarium," said Reporter Jim Jackson of the Oklahoman.

**The letters touched every extreme and covered all the middle ground. They ranged from pleas to seek comfort in God to suggestions for whisky drinking.**

But the ones that impressed her most told her to see more doctors.

"I just might," said Mrs. Heart.

## Strife Hits Cab Dispute

*(By Associated Press)*

Violence broke out for the first time today in New York city's taxicab strike which has halted nearly all taxi service in the world's largest city.

Another labor dispute in the transporation field was settled in New York as radio operators ended their one-day strike against Pan American World airways.

**Four striking cab drivers were arrested in the flareup of violence in the taxicab strike. They were charged with malicious mischief and one was charged with assault. Police said the four strikers caused a non-striking driver in Brooklyn to wreck his cab.**

Earlier, 18 persons had been arrested for disorderly conduct of simple assault. Three thousand extra police guarded against violence in the walkout by New York's 36,000 cabbies, mechanics and other workers.

## 'Winnie' Goes Home

NEW YORK —(INS)— Winston Churchill returned to New York from Boston today to board the Queen Mary and sail for home.

### *No Deflation Here*

## Banks, Post Office Do Record Business

Mansfield post office receipts and bank clearings set new records for March last month. Both showed marked gains over February.

The post office reported receipts amounting to $61,605. The quarter ending with March also was the biggest March quarter in the history of the office. A total of $169,500 was recorded in the first quarter of 1949, an increase of $26,742 over the same period last year.

Bank clearings for March were $20.987,202, an increase of $3,169,522 over February and an increase of $103,199 over March, 1948.

Postal receipts for March represented an increase of $8,573 over February and an increase of $9,187 over March, 1948.

Bank clearings for the first quarter of 1949 were $59.642,411, compared with $57.197,082 for the first quarter of 1948.

Last month was the 41st consecutive month that postal receipts have shown an increase over the corresponding month in the preceding year.

## Must File Notices of Eviction

### Landlords Required to Contact Office

George H. Blecker, area rent control director, warned all landlords today they must contact his office before serving eviction notices to tenants.

**Under the new rent control law which became effective yesterday, landlords must file a copy of all eviction notices with the area rent office, Blecker said.**

Blecker said landlords have not had to file eviction notices with the office during the past year, but the new law tightens controls on evictions.

The new law lists a number of causes for eviction. The length of notice which a landlord must give when asking a tenant to vacate his property depends on the reason for eviction.

**According to Blecker, the time can vary from three days to six months. Landlords can check at the rent office to determine how much notice must be given in specific cases.**

Under the former law, a tenant could not be forced to vacate until the expiration of at least 60 days after receipt of a written notice from the landlord.

## Sees Senate OK On Oleo

WASHINGTON — (UP) — Chairman Walter F. George, D., Ga., of the Senate Finance committee predicted today that the Senate would pass the House-approved measure to repeal federal taxes on oleomargarine.

The House late yesterday passed the bill which would repeal oleo taxes and permit the free movement of pre-colored yellow margarine in interstate commerce. The measure sponsored by Rep. W. R. Poage, D., Tex., would also require restaurants to serve oleo in triangular pats and to identify the margarine as such.

**George said his committee probably will open hearings on the oleomargarine repealer within a week or two. He said he is sure his group will approve the measure and h. predicted the full Senate would pass the legislation when it reached the floor.**

It faces strong opposition however, from dairy state senators who favor an alternate bill that would repeal the tax but bar the shipment of yellow oleo in interstate commerce.

## Towns Tumble Into Crevasse

BAGHDAD, IRAQ — (AP) — Reports reached here last night that three northern Iraq villages had been swallowed in a large crater opened by an earthquake and that another village was destroyed by an avalanche.

The dispatches reported no loss of life.

There was no indication how many people lived in the villages said to have disappeared and no information how they escaped the disasters.

## Milk Price Slashed

ASHLAND — Ashland dairies today cut milk prices to 18 cents for regular milk and 19 cents for homogenized milk. Other dairy products were cut proportionately.

## *24-Degree Cold Nips Flowers*

Mansfield's April flowers got nipped in the bud this morning as a heavy frost covered the area and temperatures dropped to a low of 24 at 5 a. m.

Yesterday was anything but spring-like as Mansfielders shivered in cold winds when the temperature failed to rise above 39.

**The weatherman today said April showers are on their way to Ohio. Fair and warmer is the forecast for today, but rains will cover the state by tomorrow night and continue at least through early Monday, the weatherman said.**

Although the weatherman said a bright sun today would send the mercury up around the 50-mark, Mansfield's temperature will still in the 30's at noon.

The showers predicted for the week end are expected to clear Monday and be followed by milder weather.

Mansfield was one of the coldest spots in the state early today. Akron had a low of 25, and Cleveland, Columbus and Toledo recorded lows of 27.

## Violations Denounced

### U. S., Britain Launch 'Attack'

WASHINGTON — (AP) — With three strongly-worded notes, the United States and Britain today opened the way for action against a trio of Soviet bloc countries for "notorious" violation of peace treaty pledges.

**The notes, delivered to communist-run Hungary, Romania and Bulgaria, formally demanded that they carry out treaty promises to secure human rights and freedoms for their peoples.**

The two western nations had the support of Canada in bringing the charges.

If the notes are rejected—and it is expected they will be—Britain and this country can call for action by a three-member commission, as provided in the treaties. The next step might be to carry the case to the United Nations.

The charges of "notorious" treaty-breaking were based in part of Hungary's imprisonment of Cardinal Mindszenty, the sentencing of Protestant church leaders in Bulgaria and the crushing of opposition by communist leaders in Romania.

The American-British action was announced today by the State department.

## Long Appoints Ex-GI Deputy

## *Farm Products Prices Lower*

COLUMBUS — (INS) — The over-all farm picture in Ohio today was seemingly one of price declines despite minor seasonal advances.

Farm commodity prices increased slightly in mid-March but prices for all major commodity groups remained lower than those a year ago.

At the same time the federal-state crop reporting service said that a three and a half per cent drop was recorded in the amount of meat processed by Ohio slaughterhouses during 1948.

## *Pain Or Profit? Court to Decide*

The guard, Harry Carroll, said he was simply taking two pints of whisky to work with him to ease his misery over the effects of 24 extracted teeth.

## H. R. Wolf Dies At Alta

### Touches Line At Water Station

Herman R. Wolf, 55, a city electrical worker, was killed at 10:50 a. m. today when he touched a 4,400-volt power line near the Maxwell pumping station at Alta.

Coroner D. C. Lavender said death was due to electric shock. He said Wolf died instantly.

**The coroner said Wolf was painting a transformer near the pumping station which gives the city its water supply. His body was found slumped over power wires by John Leibfritz, 41 Florence avenue, an operator at the pumping station.**

Mrs. Charlotte Peppard, who lives near the station, said she saw Wolf climb onto a transformer about four feet above the ground and then slump over the wires. She notified workmen at the station.

**CITY WORKER TWO YEARS**

Wolf had been employed by the city since 1946. Previously he was an employe of the Mansfield Telephone company.

Deputy Sheriff Randall Bliss said Wolf was badly burned by the electrical charge.

**Wolf was the third victim of electrical shock in the Mansfield area in four days. Calvin Franklin Stiffler and Lester Eugene Clark, employes of the Saltzgaber Drilling company, Mansfield, were killed Wednesday when the drilling machine they were operating came in contact with a power line on the Park avenue west road.**

Surviving Wolf are his wife, Mae; two sons, Robert and Donald of Mansfield, and two sisters.

The body was removed to the Wappner funeral home. Services had not been arranged at noon today.

## Red Cross Adds $600

Campaign workers said they expected to go over their goal in the next few days. All county reports are not yet in and there still are two large industries to report.

Red Cross workers vacated campaign headquarters at the A. B. Grafton company yesterday after the campaign officially closed March 31. Glenn L. Bierly, campaign chairman, announced the campaign would continue until the goal is reached.

## *Calm Settles In After 24 Hours of Fun*

The nation settled back today with a sigh of relief following 24 hours filled with practical jokes of all kinds.

"April Foolers" kept telephones humming at zoos all over the country as victims called for Mr. Stork," "Mr. Lyon," "Mr. Bear," and other such names.

On the local front, the foolers who had already fallen for the "weird creature in Clear Fork" took glee in pointing to the article for the benefit of friends, chuckling at the speculation it caused.

# Lewis Tells Story of Old West

### Popular Writer's New Book At Library

"THE GOD SEEKER," Sinclair Lewis's first historical novel, is one of the new books which will be available at the Mansfield Public library Monday. The scene of the novel is Minnesota 100 years ago.

Aaron Gadd, a carpenter, has volunteered for service among the missionaries to the Sioux Indians. Alienated by the bigotries of the community, he becomes a builder in St. Paul.

**Gadd is one of the most sympathetic characters ever created by this popular author.**

SPRING IS NOT GENTLE, by Ronald Kirkbride, is a continuation of the book WINDS, BLOW GENTLY. David Jardan, deprived of a college education by the depression of the early 1930's, joins his mother on their North Carolina Quaker farm. There he establishes among the wretched share croppers a cooperative community. Hostile neighbors wreck his enterprise, and David's lovable, but more worldly wife, leaves him. This is a quiet story with emphasis on the gentle steadfast precepts of the Quaker faith.

ELEPHANT AND CASTLE is a long, crowded novel of life in the London slums by R. C. Hutchinson. It is the story of a women's obsession and the background is more real than the heroine. She is of gentle birth and her husband is a boy who never rises above a laborer's status. He is gentle and kindly, but somewhat slow witted and it is many years before he realizes that the girl he has married is half mad.

Other fiction: GAY PURSUIT, by Cadell; CASE OF THE REDOUBLED CROSS by King; POWDERSMITH JUSTICE, by McDonald; HE'S LATE THIS MORNING, by Stevens.

**LAND OF MILK AND HONEY, by William Lindsay White, is the story of a 3-year-old bomber pilot in the Soviet air force who bailed out of a floundering plane after the war and found his way to the United States. The book is largely concerned with the man's life in Russia where he grew up along with the Soviet experiment. This is a carefully built up picture of the comparative prosperity of the Russian peasant before collectivism was enforced in 1929.**

QUAKERS IN THE MODERN WORLD, by William Wister Comfort, is a clear, concise statement of the history and fundamental tenets of Quakerism. It includes chapters on Friends meetings for worship and business, Quaker home life, vocations and avocations, Quaker as citizens. They describe the application of Quaker tenets in everyday living and contribute to an understanding of the influence wielded by a relatively small group.

## Bowman Pupils Learn Good Will

# *Build Display of Many Lands*

If the 34 pupils taught by Mrs. Leonard Hutzelman at Bowman school grow up without a knowledge of international good-will, it won't be their teacher's fault.

Mrs. Hutzelman tried hard to make her pupils conscious of the "lands across the sea."

**Last fall, she began planning an international display. Her first step was to have her pupils make animals, indigenous to the various countries. These included giraffes, elephants, yaks, and other similar animals, most of them unfamiliar to elementary grade pupils.**

"I gave the children patterns and they took them home and cut out the animals from plywood," Mrs. Hutzelman explained "Then when they brought them back we painted them in natural colors."

Two thickness of plywood were pasted together, with a third in between to make the body. As a result, the animals can all stand on their own four feet. When the displays were erected a week ago, these animals formed a natural part of the exhibits.

Seventeen countries are represented in the display, including: South America, Mexico, Africa, Australia, Arabia, Holland, American Indian, Eskimo, Palestine, India, Japan, China, Korea, Philippines, Latin and Central America.

**PAPER FIGURES**

Little villages were fashioned of cut-out paper buildings; pagodas and Japanese bridges were made and colored; for South America, a small carton was turned on its side, with the front opened and the top covered with straw. It is almost an exact replica of a South American peasant home.

Some of the costumes were brought from home, such as the Japanese kimonas given to Peggy Neibel by her step-mother, a former WAVE.

**For Palestine, Mrs. Hutzelman had the children make a picture of a big temple, with Christ teaching on its steps; the Arabian village is covered with sand; flowers bloom in the little Dutch village.**

"The children love the whole project," Mrs. Hutzelman said and they agreed.

"We correlate it with our art work and our English," she said.

One of the most interesting results of the project, the teacher explained, is that it creates an interest in newspaper reading. The children hunt for news about any of these countries, eager to learn about them.

*Walter White*

# Says He's Pleased With Four Attacks

Honestly, I am really not that good. I have received a few honors in my life but nothing quite equal to the distinction which has just been accorded me.

Some of my friends in great jubilation have gone so far as to assure me that I have "really arrived."

Within a period of one short week, I have been vigorously assailed by (a) Westbrook Pegler, (b) John O'Donnell, (c) The Daily Worker and (d) the Ku Klux Klan.

**John O'Donnell of the New York Daily News places me in company with which I am proud to associate—Philip Murray of the CIO, William Green of the AF of L and Mrs. Eleanor Roosevelt. The four of us are labelled as "outstanding suckers" for believing in and working for civil rights.**

"Now if people like Walter White and CIO's Murray and AFL's Bill Green were simply dumb and natural-born patsys, you could feel sorry for them . . . . Walter White, for example, a gentleman with blue eyes and with less pigment in his hide than this reporter, knows his way around the Washington political scene. (Thanks, John.) But the distinguished White gets suddenly and violently angry because he discovers that all this Truman campaign hooey about civil rights was in fact so much eyewash . . . . "

I want to quote from Mr. Pegler's dyspeptic tribute in the New York Journal American and other Hearst papers. He charges that, "being of 'white' complexion and having Caucasian features", I am a "professional imposter" who has had "fun plying the Pullmans and other verboten precincts in the South at no peril whatever because everybody thought he was a white man."

The ex-sports writer who made his bow as a columnist by a passionate defense of the lynchers of two white men at San Jose, California in 1933, also brackets me in company I am proud to keep—Mrs. Helen Rogers Reid of the New York Herald Tribune and Lewis Gannett, charging that my recently published autobiography, A MAN CALLED WHITE (advt.) was reviewed more favorably than a couple of books bitterly attacking the late President Roosevelt.

**The Daily Worker adds its mete of inverse praise by assailing me as a "misleader of the Negro people" playing an "Uncle to the Rockefellers and the DuPonts" because I have, upon occasion, said with considerable vigor that I do not believe that the millenium of freedom and democracy has as yet arrived in Soviet Russia.**

Finally, the Ku Klux Klan does me the honor of saying that I am one of the "most dangerous characters in America" because I believe that Messrs. John E. Rankin of Mississippi, Herman Talmadge of Georgia and Ellender of Louisiana do not represent the ultimate in culture, mental or moral superiority, sportsmanship or democracy.

There is only one of the gibes which got under my skin—Pegler's labelling me as a "tedious writer". That I don't like.

If I didn't fear being charged with using this column to sell my own books, I would name some of the critics and quote a paragraph or two. I am not going to do that. I wouldn't say that Westbrook Pegler is a tedious writer although I have heard rumors to that effect.

I really wouldn't know. I don't read him.

# $10,000 In Overseas Aid Pledged

By NITA BRANSON
(N-J CHURCH EDITOR)

Last Sunday's World Relief project was one of the most successful, ever held here, according to Mansfield pastors. Contributions totaled close to $10,000, representing both cash and pledge contributions.

At the First Lutheran church, $2,000 was given; at the First Presbyterian, $750; at the St. Paul Lutheran, about $350, while pledges for $3,597 were given at the Park Avenue Baptist church for missions.

**In several of the churches, particularly the Methodist, the evangelism and world relief program was held on March 20 climaxing a week of dedication. It had been planned prior to the announcement of the "One Great Hour" on March 26 and the Sunday morning project.**

At St Luke's Lutheran church, the project had been commulative. By last Sunday it had reached $1,000.

Rev. and Mrs. George Constance, former Mansfield residents, are missionaries without a home.

After they left their mission field in Colombia, South America recently, their home and possessions in Colombia burned The entire village in which they lived went up in flames. All their family possessions and their church equipment, were destroyed in a jungle fire. Everything that the native families in the town, called Puerto Leguizamo, owned was destroyed.

**Because of its inaccessibility of the village and the absence of fire equipment, there was no hope of saving the little community. Now the Constances are faced with the problem either of returning and helping to rebuild the town in the jungle or being sent to another mission field.**

Missonaries for the past 16 years, they had gathered considerable field equipment with which to carry on their mission of evangelism. Some of it is irreplacable.

Rev. Constance, whose father, John Constance, once owned a market here, will speak at the Grace Gospel church next Thursday and tell of the years in which he and Mrs. Constance have worked in mission stations of the world. He will illustrate his talk with colored pictures.

There three children were born in South America and all speak Spanish. They have known no other home for a number of years.

The Colombian field is one of five mission fields in South America supported by the Christian Missionary Alliance, of which the Mansfield church is a part

During their furlough in the United States the Constance family is living at Beulah Beach conference grounds

Vivid cherry - colored envelopes have taken the place of the "mite Boxes" for members of the St. Paul Lutheran church. The mite boxes had been originally intended for church building contributions, but they were too easily forgotten, according to Rev. John G. Gensel.

**Now the small cardboard boxes which contained the yearly supply of envelopes for weekly offerings are mixed the first of each month with the brightly-tinted envelopes.**

"We can't help seeing these," Rev. Gensel said," and it helps a lot to remember that we'll be needing an increased building fund This year." The colored envelopes was an idea of J. M. Weil, a member of the church.

Tomorrow the first presentation of the famed "American Passion Play" will be presented for the 27th consecutive year at Bloomington, Ill. Subsequent performances will be given each Sunday afternoon during the months of April and May. A mid-week performance is scheduled for Wednesday, May 16.

Rev. Harold D. Walters, who has portrayed the Christus, for the past 11 years, again will take the role this year.

**More than 250 farmers, bankers, mechanics, business men, laborers, housewives and children of central Illinois will doff their everyday garments to don those of the time of Christ. These players receive no compensation for the hours they spend in rehearsing the great scenes of the Passion of Jesus.**

All presentations are given in the Scottish Rite Temple at Bloomington, which seats 1,400 people Tickets for this great presentation may be obtained by writing to The American Passion Play, PO Box 695, Bloomington, Ill.

Drive carefully tonight and tomorrow—what's the use of going if you don't get back?

It is said of a new gadget that it enables teen-agers to get music through their hats—what hats?

A poll of public sentiment might show that shifts in Russian high offices interest fewer people than the question of who will pitch for the home team in the opening game of the baseball season.

## Churchill Places Faith In Unity

COMING on the eve of commitments being made under the North Atlantic Pact, the hour-long talk given by Winston Churchill in Boston Thursday night fitted nicely into the international picture which portrays an earnest effort on the part of free nations of the world to present a sufficient show of strength to discourage further aggressive moves by Soviet Russia.

Churchill's speech gave an informative review of changing conditions since entry into the twentieth century, including causes of the First World war, the high hopes of League of Nations days, and the events which led up to World War II.

Developments of the United Nations came from aims similar to those of the League, with renewal of hope that causes of failure of the earlier alliance could be avoided in the new venture—but Russia's course has thus far made success impossible.

Extent of dependence on the United States for defense against the spread of communism is indicated by Churchill's belief in the certainty that "Europe would have been communized and London under bombardment some time ago, but for the deterrent of the atomic bomb in the hands of the United States."

Now, however, Churchill does not believe war to be "inevitable," if the Western powers show sufficient unity and military strength to discourage attack.

It is the subject of much comment that many of the predictions made by Churchill in his Fulton, Mo., speech three years ago, and which at the time were considered startling, have since come to pass, and that he now says: "We need not abandon hope or patience. Many favorable processes are on foot."

## To Aid Rural Medical Students

WHILE there is no appearance of shortage of "specialists" in the fields of medicine and surgery, insofar as large and small cities are concerned, it is being noted with deep concern that villages and rural communities are inadequately served by doctors engaged in what is called "general practice"—in other words, the old-time "family doctor."

This need is so generally recognized that some medical schools are planning courses in "general practice" and the Ohio State Medical Association is taking action to give financial assistance to rural young men and women interested in the study of medicine, with belief that because of their interest in rural life they will later establish medical practice in rural communities.

Intention is to establish the scholarship fund this year, with the amount fixed at $500 per recipient per school year, extending through a four-year course.

In an experimental way it is proposed to make one scholarship award each year, with later enlargement of the plan if results are satisfactory. No provision is made for assistance to present upper classmen.

Definition of a "rural applicant" is left to a selection committee, and financial need will be considered, the only restriction being that applicants must have rural interests. Scholarships are restricted to Ohio residents.

A part of the program is to form an advisory committee, composed of representatives of rural and educational organizations, to interest young men and women in the project and to secure information concerning applicants.

It cannot be doubted that there are many openings for capable young doctors in rural communities, with opportunities to perform valuable service and likelihood of quite satisfactory remuneration.

## Republican Contest Enlivened

WITH the May primaries little more than a month ahead, an element of interest is added by announcement of plans for an active campaign in behalf of the nomination of Thomas B. Wright as Republican candidate for mayor.

Mansfield's experience, for a number of years, has been for the mayoralty nomination to go by default to someone willing to run, regardless of qualifications, and the result has been so unsatisfactory that some thought is now being given to making a change to the city manager form of municipal government.

Meanwhile, however, there is to be an election next November, at which a mayor will be chosen as heretofore, and it is interesting to note that instead of the unopposed nomination of Roy W. Vaughn, the incumbent, for a third term, supporters of his opponent plan a personal canvass of Republican voters, with ward and precinct organization of what is known as the "Tom Wright for Mayor" club

Whatever may be the outcome the promise is for the liveliest pre-primary campaign that Mansfield has witnessed for many years

## Ireland Finds Way to Cut Budget

THE LUCK of the Irish is proverbial Some people who did not believe in it before will do so now that they hear that Ireland has cut its budget from $282,000,000 last year to $262,000,000. Nor has this been done in the way some persons propose for the United States, by slashing expenses for welfare and education, and reducing salaries All these have been increased in Ireland: the cut was attained by eliminating waste.

Ireland of course has one advantage. It need not make large expenditures for war. Whatever it may say about being absolutely independent of Great Britain, it relies tacitly on the protection of the British army and navy, with Uncle Sam looming up in the distance as a helper in case of need. If Ireland had to arm itself it could not afford the luxury of tax reduction.

Word comes that scientists at the University of California have found a way "to greatly extend the age span of rats"—a bit of news that should interest all rats.

Harry Wade points to an oversight: "Had the Founding Fathers but known, it's the representation that leads to the taxation."

## Adjusting To 'Realities'

By THOMAS L. STOKES

WASHINGTON.—In the last few days there has been at the White House and among administration lieutenants in Congress a readjustment to what the practical politician calls "the realities."

This is sometimes a polite name for surrender. Sometimes it means the application of patience and compromise, which is the purpose in this particular readjustment.

**President Truman currently is in a conciliatory and cooperative mood toward Congress and is ready to use equal parts of patience and kindness for a time to see how things go with his program.**

He is sticking close to his desk and making room on his daily calendar for visits by members of Congress to pour out their troubles, little and big, a process which has the added virtue of helping him and his fellow Democrats to get better acquainted with each other. Mr. Truman has a charm of his own which can be very effective.

Beyond his personal readjustment to the realities, there is another readjustment relating to his program.

His congressional leaders have advised him, after a canvass of the temper of Congress and an analysis of its various factions as they have now shaken down, that there must be a downward revision in his objectives at this first session of the 1st Congress. As Speaker of the House Sam Rayburn, an old Congress hand, puts it in party strategy councils: "This isn't the only session of this Congress—there'll be another."

This means a weeding-out and a concentration of emphasis on certain selected measures. Not only will the program be reduced, but it is anticipated that measures selected for enactment will be revised below what the President asked in the usual and natural process of compromise.

* * *

**Will Go Part Way.**

AS NOW contemplated, the social and economic welfare program will include a labor bill to supplant the Taft-Hartley act which, however, is not expected to be altogether what the President requested, a bill to increase the 40-cents-an-hour minimum in the wag hour act but not to extend its coverage as widely as the President recommended, and a housing bill somewhat reduced below administration aims in the number of public housing units provided.

Expansion of social security is questionable for this session. Federal aid to education is more questionable. Health insurance is out but, instead, there will be a hospital and medical education program which is presented as a necessary prerequisite to health insurance.

The domestic program calls also for an oleomargarine bill at this session, but no new farm parity and price measure. Decision on a tax bill must await a later analysis of the general fiscal situation, which will take into account the general business situation and its effect on revenues.

Incidentally, the fear of increased taxes will be exploited to reduce the scope of measures in the President's social-welfare program selected for enactment and as an argument against the inclusion of others.

**The status of civil-rights measures is very doubtful for this session, though not hopeless. Current compromise maneuvers may bear some fruit.**

It has been suggested that President Truman call a special session later this year for civil-rights legislation, but it is not known what his decision will be.

Aside from universal military training, which presumably is to be abandoned, the objectives in the military and foreign economic aid program remain as planned, including continuation of European recovery appropriations, arms for western Europe and, for Senate action, ratification of the Atlantic Pact.

*Washington Calling*

## U. S. Heavily Obligated

By MARQUIS CHILDS

ANYONE in doubt as to the grave responsibilities assumed by the United States in the Atlantic Pact could get enlightenment from Gen. Charles de Gaulle of France. The general has a way of putting into blunt language what is in the minds of other statesmen and politicians.

As his recent press conference he demanded priority for American arms for France. Then he went on to say that it would be a grave mistake to base the defense of Europe on Great Britain. Another occupation of western Europe and another liberation would reduce the continent to complete moral and physical ruin, de Gaulle said.

**The doubt thus expressed by the aloof and mystical general is one that has gnawed at the vitals of a number of Europeans in key positions. They know a secret that is in fact pretty much an open secret.**

That secret has to do with the war plan conditionally agreed to by the U. S. joint chiefs of staff. While the details of the plan are carefully gaurded, it is rather generally known that it is based on the broad assumption that the continent must be retaken after it has been occupied by the Russian invader.

Many of America's own military planners are pretty unhappy about the assumptions on which the war plan is based. They had an opportunity in World War II to see how close conquest, occupation and liberation came to erasing the structure of civilization in western Europe.

The Russian occupation would hardly be less rigorous. It might even be more thorough. Liquidation of all those with even any faint taint of disloyalty would come in the first phase.

Liberation would almost certainly cause far wider destruction. Whether any extensive underground could be counted on is a question hotly debated.

* * *

**Need For Greater Speed.**

BUT WHEN all the misgivings and doubts are expressed, the grim facts of life are still there confronting the doubters The Russian invader could not today be kept out of "western Europe."

Perhaps in four years or five years or seven years France and the Benelux countries will be sufficiently strengthened by aid from this side of the Atlantic. Then a line could be defended on the Rhine or the Elbe until American armies arrive.

This element of time is one that plagues all concerned. The belief is growing that rearmament must somehow be speeded up. The time must somehow be cut from five or seven years to two years.

**To do that, of course, would necessitate an over-all plan for the guidance of the whole American economy. Some sort of allocation system, for example, would be necessary to allocate scarce metals for rearmament.**

The National Security Council and the National Security Resources Board are the agencies from which such a plan might come. While there are no signs that it is in process, top military planners still wistfully hope it is possible to get general, over-all direction from the agencies that on paper at least have such large import.

This same hope was behind the speech that Bernard M. Baruch made to the conference of mayors in Washington. As he has done so often in the past, he urged a plan that would take into account all of the urgent necessities facing the U. S. and Europe.

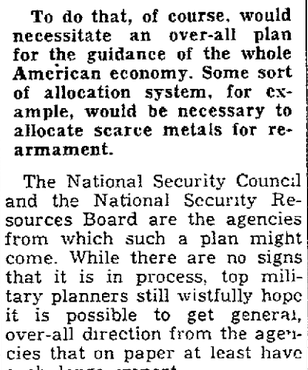

Anyone who looks objectively at the political scene, with these necessities in mind as a kind of yardstick, must admit to pessimism. The trend seems to be not for unflinching recognition of the realities but in the opposite direction.

*Summary of Week's Happenings*

# North Atlantic Pact Ready For Signing

By ASSOCIATED PRESS

TWO important events occur next week. The North Atlantic Pact is to be signed Monday in Washington. On Tuesday the United Nations General Assembly opens in New York.

Last week the trek to New York and Washington started from all over the world. Foreign ministers from western nations converged on Washington to discuss with U. S. Secretary of State Dean Acheson last minute details of the defensive alliance. Agreement in principle was sought also on other regional alliances, Atlantic defense machinery and west Germany.

Acheson also conferred last week with the American delegation he will head at the General Assembly. They included Warren R. Austin, chief U. S. delegate to the U. N.; John Foster Dulles, Republican foreign policy chief; Mrs. Franklin D. Roosevelt, Philip C. Jessup, American ambassador at large and Benjamin V. Cohen, former state department counselor.

**To Last Six Weeks.**

The U. N. Assembly at Flushing Meadow, New York, is a carry-over session from the Paris meeting which adjourned just before Christmas with many problems unsettled. The new session is expected to last about six weeks.

The Russian delegation is headed by Andrei A. Gromyko, veteran of many U. N. debates and now first deputy to Soviet Foreign Minister Andrei Y. Vishinsky.

The Russians and their eastern satellites are expected to train their fire on the new Atlantic pact.

In the four-year history of the U. N., Soviet Russia has used the veto 29 times and France twice for a total of 31.

**Change Of Heart.**

Some former supporters of the U. N. have changed their minds. Winston Churchill, now on a visit to the U. S., has called it a "brawling cockpit." British foreign secretary Ernest Bevin says it hasn't fulfilled its purpose.

Meanwhile in Washington, Senate hearings showed that the administration may have a harder time getting Senate approval of the North Atlantic Pact than was first supposed.

## At Home

**Truman and Congress.**

April may prove an eventful month for President Truman in his relations with Congress. Most of the preliminaries are over. The law makers have had a chance to digest the bulk of the Truman program, both foreign and domestic. In the coming weeks there will be many tests when specific administration bills come up for vote.

In addition to his regular Monday conferences with Administration leaders, the President talks almost daily with other senators and representatives. He is making every effort to cooperate with the 81st Congress of which he recently said: "We are going to agree on a lot more than we disagree on."

There also is a realization that if he stays on the job, the President will have a much stronger case to take to the people if the 81st Congress, like the 80th, does turn his program down.

* * *

**Envoys to Talk.**

The state department has arranged quietly a three power foreign ministers' meeting on western Germany to be held in Washington early next week.

The parley is timed to take advantage of the presence of British foreign minister Ernest Bevin and French foreign minister Robert Schuman at the signing of the North Atlantic treaty on Monday.

Keyed to issues delaying final unification and further economic development of western Germany, it is scheduled immediately after that. The sessions will be very informal.

The issues up for discussion by U. S. Secretary of State Dean Acheson with Bevin and Schuman include the drafting of an occupation statute, division of powers between the proposed central German government and state governments, reparations and the degree of reviving Runr heavy industries.

* * *

**Security and Independence.**

One advantage of living on a farm is that you can raise a family less expensively than in the city.

That's the conclusion of a discussion panel of New York State farmers attending Cornell University's 38th Annual Farm and Home Week.

Other advantages brought out in the panel discussion:

More opportunities for family life together.

More security.

More appreciation of spiritual values because a farmer depends on weather conditions.

* * *

**Atoms For Peace.**

One of the ways in which atoms can be made to work for peace is shown at Oak Ridge, Tenn., in experiments to raise bigger and better crops.

Seeds are placed in long, thin trays and baked in atomic ovens. Object: new types of plants. The same trays are used to make radioactive atoms, or isotopes, for industry and medicine.

The seeds become radioactive but there is no radioactivity in the plants which grow from these seeds.

Thousands of useless plants result for every good one.

Researchers hope to produce new corn that will yield more sugar, make better silage and be more disease resistant than the recently developed hybrid corn.

* * *

**Hospitals of Tomorrow.**

Hospitals of tomorrow will stress a new kind of service designed primarily to keep you well. They will try more to prevent illness from getting you down. They will pay more attention to your mental health, emotions, family problems and helping you to get a job after sickness or surgery.

This picture was drawn for the American College of Physicians convention in New York by Dr. Stanhope Bayne-Jones, president of the Joint Administrative Board, New York Hospital-Cornell Medical Center.

In the past, he said, hospitals have concentrated on sick people. In the future they will strive to treat patients as people with personal, social, cultural and economic problems.

The trend already is well advanced. There are pre-natal clinics for mothers-to-be and clinics to keep children well. There are venereal disease clinics and tuberculosis clinics in some hospitals. Cancer detection clinics are being established.

## Gives Much For Little

By CALVIN A. BYERS

**(By Town Crier)**

TAKE a short trip with me—it won't cost anything. We will meet and take off from that white classic building on the cross-town business street.

Years ago, one of those "malefactors of great wealth" whom vote-hungry politicians lambast, an Ironmaster, gave our county seat around $35,000 to build and equip this building. The city furnished the site.

Up broad stone steps you enter into a large airy restful room—really two spacious rooms with large tables, comfortable chairs and soft overhead lighting. There are flowers on the desk, rows of bright-backed new books on a rack, several bright-eyed, comely young women, who will guide your tour to Africa with Stanley: with Churchill to England; to Asia with Harry Franck; to any important or remote part of the earth, the sea, the air—suit yourself! History, biography, science, fiction await your intimate or leisurely scrutiny. You may lose yourself in journey of fact and fancy, with hardly any effort at all.

**Children, even those too young to read, come here on Saturdays or after school, or at certain hours of the week, for a story hour.**

A pleasant lady tells stories that she is familiar with—not blood and thunder tales such as the comics insist on so often, but wholesome stories by famous men or women writers—given free to the child who will be there at that certain hour.

Out over the county to the rural schools, goes a covered truck loaded with good reading for the people of villages and countryside. City schools have similar facilities. If you want to continue your journey in your home, it will cost you only an identification card. So much for so little!

Except for the janitor, this institution is operated solely by women. Some half million dollars is the estimated investment—not including the building. A fourth of this amount will be expended soon in much-needed enlargement. Aside from the public schools, it is the leading educational and cultural service of our community . . . our public library!

Can you think of an easier or less expensive way to increase your pleasure and expand your knowledge than to pause awhile, whenever you're downtown, at the classic, quiet building on the cross-town business street?

## Dave Boone Says:

YOU CAN now get into the stock market on a lower margin and as the daily double is restored to New York racing, too, this week, it shapes up as quite a week.

* * *

**The required margin has been cut to 50 per cent. For a long time you had to put up all cash and for the past year you've had to put up 75 per cent. Nobody but the well-heeled could buy American securities and they didn't find it easy.**

* * *

Nobody wants to see the public back in the stock market as it was 20 years ago and there's no danger of this happening with 50 per cent cash payment required. But there was no sense keeping out even the folks who could afford to invest in American securities.

* * *

Business in the securities market had become so stymied that if a stock went up an eighth of a point over a six-month period the brokers called it a sensational rally.

## Timely Editorial

**Centenary of Safety Pin.**

Millions of Americans have owed a long-standing debt to Walter Hunt without knowing it. For that reason a proposal in Congress to do something about it will have an almost universal appeal.

Hunt is the man who in 1849 patented the safety pin, of a thousand and one uses. Congress has been asked to issue a special commemorative stamp bearing the pin and the three-cornered pants of the younger generation with which it is so closely associated.

Stand patters who can't bear to see anything but the likeness of Benjamin Franklin, George Washington and Thomas Jefferson on our postage stamps, can be counted on to yell loudly. They are against commemorative stamps of all kinds and should not be taken seriously.—Cleveland Press.

## As Cerf Tells It

In the hill-billy district of eastern Arkansas, a student of the county school was promoted with due ceremony from the second term to the third. "Wasn't sure I'd make it," he confessed to the teacher. "Fact is I was so plumb nervous last night I could hardly shave."

## One Man's Opinion

—By WALTER KIERNAN

IF WE wanted to convert Shostakovitch while he's still around we could tell him what Godfrey gets for noodling a piano under our decadent capitalistic system.

* * *

**The commies keep referring to Wall Street as the center of our capitalist economy when any American knows that all Wall Street has left is what Godfrey can't carry.**

* * *

And there are no recent bulletins out of Moscow concerning any ex-member of the Red army renting more vaults of his folding money.

* * *

Why every time that Godfrey pulls up a piano stool or a microphone 13 men start shoveling gold pieces into bushel bags which he doesn't ever bother bringing home any more.

* * *

If this is what the intellectuals are against they came to the right country to find the wrong answer.

### *Offers Warning to Ambitious Men Who Get Involved In Housework*

PLANNING to help the little woman with her spring housecleaning chores?

Well, if you decide to save money by doing the painting yourself, better think twice. That is the advice of Fuzzy Macaskill, who had the same idea, too.

Fuzzy is a good friend of mine, a kind, generous man with a heart of purest gold—and five big thumbs on each hand.

**The other day he had a week's vacation coming. He decided he'd be money in pocket if he spent the week repainting his home. With brush and can he attacked the kitchen and turned it a violent yellow.**

"Perhaps another coat would help, dear," said his wife.

So fuzzy stayed up all night and slapped on another coat. Somehow the paint seemed to get yellower near the bottom of the can. His wife took a look in the morning and said:

"I don't feel well, dear. I think I'll go over to daughter's and stay with her for the rest of the week."

Fuzzy, so paint-spotted he looked like a patch of dandelions, thought that would be fine. It would leave him free to assault the living room, bath and front porch. The rest of the house wasn't in need of fresh paint.

At this point Fuzzy was still in love with his work. He had just finished daubing the living room when a neighbor called: "Your dog, Skippy, just ran up the street."

Fuzzy caught the dog after a two-block run. When he got Skippy in the house, he tried to chase him upstairs. Skippy thought it was a great game.

**He ricocheted off the newly painted living room walls several times, then tripped on the cord of a big floor lamp. Down crashed the lamp—in ruins.**

The bathroom came next. Fuzzy was tiring. He took naps between times as he painted the walls and ceiling. The result: three tones of an original color which Fuzzy himself could only describe as "a matter of opinion."

Absent-mindedly Fuzzy sat down on a toilet seat, which he had trimmed in black enamel. It hadn't dried.

Weary of all paint, Fuzzy then decided to surprise his wife by cleaning the venetian blinds in the living room. He decided it would be easier to wash the dirt off the wooden slats. So he dunked the blinds in a bathtub full of warm water and let them soak for a half hour.

**"Those wooden slats were not wood at all," said Fuzzy. "They were cardboard—cardboard that curled and shrank, too."**

He sighed and went on to another task—giving the living room an enamel trim. The next day he found, sorrowfully, that one of the cans he had used was flat paint instead of enamel.

Fuzzy gazed around. He had a kitchen that looked like it was suffering from jaundice, a three-tone bathroom, a streaky living room with a half flat and half enamel trim. He put away his paint brush in disgust.

"I am expecting my wife back any day now," said Fuzzy. "And there's a greeting for her as soon as she opens the door. I tacked up a sign that says:

"'To hell with the front porch.'"

## County Vets' Bonuses Hit $2,233,692

### Payments Here Average $303

Richland county World War II veterans have been paid $2,233,692 in state bonuses, Leslie G. Scrimger, director of the World War II compensation fund, reported today.

**The average claim was $303.08. Scrimger said 5,207 army and 2,163 navy claims were paid in the county to a total of 7,370 veterans.**

Veterans in surrounding counties received smaller totals and except for Huron county, smaller average payments than Richland vets. Morrow county claims amounted to $267,338 for an average payment of $291.54. More than 2,500 veterans in Ashland county received an average payment of $299.42 for a total claim figure of $760,236.

Crawford county claims totaled $933,123 or an average of $302.67. The director's report showed $248,577 paid to Holmes county veterans who got an average bonus of $300.21.

**Huron county's total was $912,028 for an average payment of $303.40 and Knox county veterans received on the average $300.80 for a total of $770,052.08 in claims.**

Scrimger advised veterans that claims were being handled as quickly as possible and reminded all unpaid applicants that their claims have been more difficult to handle "because of complex problems in connection with their service record, their separation documents, or their residence eligibility."

**COMPLICATED** — That's the courthouse clock, operated entirely by electricity. A small electric motor turns the wheels, gears and shafts. The movement is imparted to the upright shaft at the right which connects with other shafts joined to the hands on the clock dials atop the courthouse. Harold Snyder, courthouse custodian, is shown oiling the mechanism. In the bottom photo is the huge bell, which sounds hourly.

## *Motor Turns Hands Of Courthouse Clock*

By GEORGE COMINOS

An intricate mechanism of wheels, gears and shafts propelled by a small electric motor turns the hands on the four clock dials atop the Richland county courthouse.

An explanation as to how the complicated machinery operates would have to be supplied by the clock expert who services the mechanism. But he lives in Cincinnati.

There's a one-half horsepower electric motor that operates only once an hour. It provides the energy for moving the arm that strikes the huge bell, sounding the time of day for a wide area around the courthouse.

**Although they don't appear to be large looking up from the ground, the dials are more than five feet high—62 inches.**

The entire mechanism now is entirely electrically-operated and automatic. The final remodeling, making the mechanism entirely electrically-operated, was done in May, 1947.

**BELL WEIGHS A TON**

The huge bell, heralding the time of day, is more than 40 inches high. Its diameter is 54 inches across the base. Actual weight of the bell isn't known, but Harold Snyder, courthouse custodian, estimates it weighs at least a ton. A lot of people have viewed the bell judging by the number of autographs inscribed on it.

**Snyder, who takes care of minor repairs and oiling of the mechanism, said that even the lights go on and off automatically. In the winter months they're set to be on from 6 p. m. to 6 a. m. In the summer, 9 p. m. to 4 a. m.**

Lights in each of the four dials have separate fuse boxes in the event something goes wrong in one, the other lights will continue to operate.

**SOON LEARNS OF IT**

Anytime the clock runs slow (or fast) or the bell doesn't ring, Snyder finds out about it in a hurry from residents in the vicinity of the courthouse.

**"I guess when something goes wrong with the clock it disrupts their way of life. Let that clock fail to strike and they tell you about it pretty quick," he said.**

"There's just a lot of people around — the old-timers especially — who live their lives according to the clock," Snyder asserted.

A year ago, he recalled, the clock didn't strike for two days. He got plenty of calls about that. A ladder had fallen on the striking arm.

## Bread Bids Rejected

County commissioners today turned down the two bids received for supplying bread to the Richland County Home for the year 12-month-period, beginning May 2.

Guy F. Stewart, board chairman, said neither of the bids called for 24-ounce loaves as specified in the advertisement for bids.

He said they would readvertise for bids. Two companies, Stimmler's Bakery and the Continental Baking company offered to supply 18-ounce loaves, with Stimmler's offering to supply the bread at 12 cents a loaf and Continental at 13½ cents a loaf, Stewart said.

## Plan Fits Neatly In 'Puzzle'

### Would Boost Ohio Revenue

By REED SMITH

COLUMBUS—(AP)—Could be it's mere coincidence. But the Guthrie gross sales tax bill seems to fit like a jigsaw part into Ohio's financial puzzle.

The proposal by Sen. Emmett R. Guthrie (D-Coshocton) popped into the Senate a scant week before the debut of Gov. Frank J. Lausche's biennial budget, due Monday.

Guthrie says a shift from our sales tax stamp system to a gross sales tax plan would produce $50,000,000 to $60,000,000 a year additional. And practically without pain.

**Retailers would pay the state a flat three per cent on their gross sales. They'd be required to pass the cost on to consumers — that's you —but without using sales tax stamps.**

It just happens that Guthrie is co-sponsor of a bill asking $13,750,000 a year more for schools —which have an agile legislative lobby. Looking at our sales tax stamp system, he says:

"We simply can not afford to remains shackled to this costly and inefficient method of sales tax collection at the expense of old age pensioners, schools, health and child welfare needs, local governments and state employes."

Add up official and reliably estimated "extras" asked for those needs and it comes out like this:

Old age pensions $7,000,000; schools $13,750,000; aid for dependent children $3,500,000; local governments $25,800,000, and state employes $5,000,000. That totals $55,050,000, or "between $50,000,000 and $60,000,000.

Guthrie said he discussed his plan with Lausche but that the Governor hasn't stated whether he approves it.

Lausche has warned repeatedly there will be only about $4,000,000 for "extras" without new or increased taxes. Any income above estimates will be spread around, he indicated.

Guthrie says the gross sales tax systems works fine in Michigan, Indiana and Illinois. Ohioans would welcome it, he believes. The tax in Michigan, with 2,000,000 fewer people than Ohio, yielded about $40,000,000 more than Ohio's sales tax last year. Michigan's administration cost was one per cent, compared with Ohio's seven, he added.

Guthrie figured Ohio's $10,000,000-a-year administration cost could be cut to about $3,000,000. That saving, tighter enforcement and a narrower exemption base would produce the additional revenue, he explained.

Exemptions on sales under 41 cents, effected last year under the Herbert administration, would be chopped down, Guthrie would exempt sales under 17 cents. The new scale would be: 1 cent on sales of 17 to 40 cents; 2 cents on sales of 50 to 83 cents, and 3 cents on sales of 84 cents to $1.16.

**Tax exemptions would be limited to food, gasoline, newspapers, farm feeds and fertilizers, most manufacturing materials and sales to Ohio, its political subdivisions and religious organizations.**

Guthrie said the new plan would eliminate retailer discounts of $4,150,989 last year; $1,160,240 in commissions paid agents and county treasurers for selling stamps, and $2,774,194 for stamp redemptions.

"Changing of the stamp tax to a gross sales tax plan will enable Ohio to meet its needs without new taxes or increasing the rate of present taxes," Guthrie asserted.

## Parked Cars Hamper Postal Work, Postmaster Says

Some Mansfield drivers are unintentionally interfering with construction work at the Mansfield post office and with the loading and unloading of mail, Acting Postmaster Curtis L. Ford said.

These drivers have been parking their cars in the post office driveway and on both sides of the loading platform in the rear.

Ford explained that such parking makes the loading platform inaccessible to large mail trucks and hampers construction on the remodeling project.

**Ford is asking Mansfield drivers to cooperate by parking their cars in some other area. He said although the law says no parking is permitted on government property without the permission of postal officials, the post office has allowed parkings as long as it did not interfere with operations.**

However, Monday morning workmen will begin paving the lot to the east of the post office, and Ford said all cars will have to be kept out of that area.

Post office employes already have been notified to park their cars elsewhere and Ford is asking the public to cooperate.

If drivers persist in parking in these areas, the post office can have their cars towed away, Ford said.

# Red Schools In America Revealed

## Budenz Testifies As Ex-Instructor

NEW YORK — (INS) — Louis F. Budenz, one-time communist official, declared yesterday that the communist party conducted "secret" training schools where leaders were instructed and trained in Marxist-Leninist technique.

**Budenz, former managing editor of the communist newspaper, "The Daily Worker," said he taught in one of those schools—in Chicago, in 1938. He couldn't identify the location of the place because, he stated, he had to enter the building through a doctor's office next door.**

This testimony came out while Budenz, now a professor of economics at Fordham university, was undergoing cross-examination at the trail of eleven U. S. communist party leaders accused of conspiring to "teach and advocate" the overthrow of the United States government by force and violence.

Defense attorney Richard Gladstein of San Francisco asked Budenz if he personally had ever attended one of these training schools for party "functionaries."

"Yes," replied Budenz. "But never as a student. I taught for several hours in two of those schools."

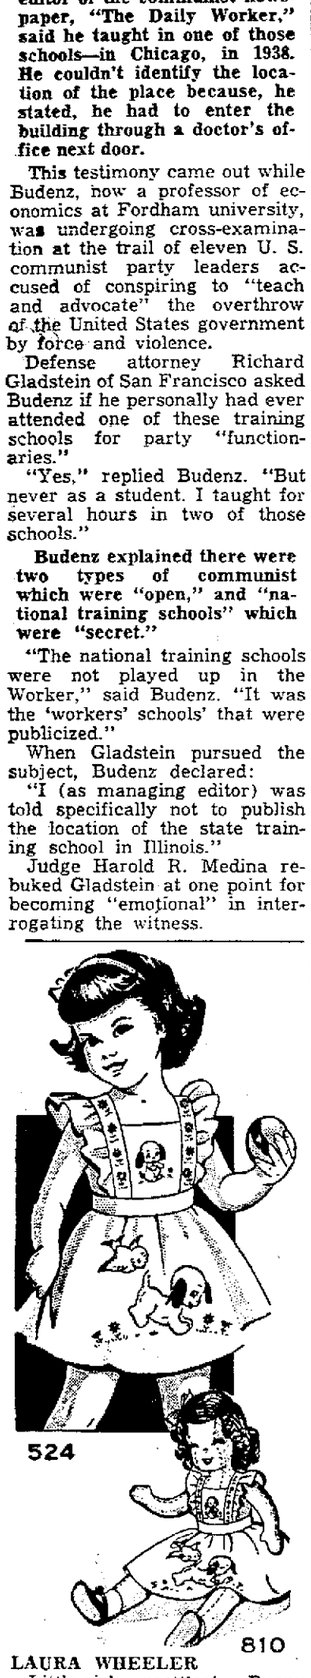

**Budenz explained there were two types of communist which were "open," and "national training schools" which were "secret."**

"The national training schools were not played up in the Worker," said Budenz. "It was the 'workers' schools' that were publicized."

When Gladstein pursued the subject, Budenz declared:

"I (as managing editor) was told specifically not to publish the location of the state training school in Illinois."

Judge Harold R. Medina rebuked Gladstein at one point for becoming "emotional" in interrogating the witness.

## Horoscope

**By NENEVIEVE KEMBLE**
**For Sunday, April 3**

SUNDAY'S horoscope holds augury of exceptional activity, with all forms and phases of being, living and doing aimed at "hitting the high spots," with the energies, forces and faculties pitched to lofty objectives, no matter in which aspect the mold be cast. While idealistic, mystical and subjective drives are to be reckoned with, the denouement is to be attained and climaxed by the practical, materialistic and thoroughly objective on all levels of accomplishment. Probably an unforgettable day in all relations.

**For the Birthday**

Those whose birthday it is, are due for a year of conflicting and bizarre experiences and adventures, in which there seem to be weird and baffling contradictions, in which the subtle, visionary, inexplicable and fantastic may confuse and mystify. The climax being tangible and above-board tactics being dragged into the open to dispel mystification, to make practical dreams and ideals, with drastic and forthright objectivity. Probably some unique, intriguing and unbelievable combination of circumstances, adventures and contacts with the "unreal."

A child born on this day is a strange combination of the idealistic, mystical, and unique, fortified by the crass materialistic, practical, intellectual and objective.

# Strange Element In Liver Seen Aiding Body to Withstand Cold

LOS ANGELES — (AP) — Liver may become an important item in army and navy chow—to help men endure abnormal environments.

Liver has been found to contain an unidentified something which protects rats against certain ailments that develop under conditions of stress.

The stress factors include physical exertion, long exposure to cold, toxic reactions to drugs and difficulties due to thyroid gland irregularities.

In everyday living, men may endure all these hardships for a time without noticeable bad effects. The ailments may appear after long periods of living in abnormal environments such as the jungle or the polar cold.

There is no real proof yet that this unidentified liver substance can do for man what it does for rats. Only human tests can show that.

However, scientists use rats for such experiments mainly because their nutrition mechanisms are much like those of humans. In this case the armed forces were the first to get reports of the experiments. The reports included a suggestion that liver be included "as generously as possible in the diet of military personnel."

The research was done by Dr. B. H. Ershoff of the Emory W. Thurston laboratories, Los Angeles. The quartermaster food and container institute of the armed forces financed the work. Details were published in scientific journals.

Manufacturers produce B vitamins and other compounds from liver. However, none of the standard preparations of liver fractions contains the seemingly precious anti-stress factor, Dr. Ershoff said.

## Hogan Keeps Up On Golf Tourney Play By Papers

FORT WORTH, Tex. — (AP) — Ben Hogan says golf is the farthest thing from his mind—but is it?

The fragile champ of the links, now on the mend after an automobile accident that almost took his life, came back home to Fort Worth yesterday.

"Golf is the farthest thing from my mind right now," he said in an interview. "All I want to do is get well. I'm putting my mind on that."

But in the next breath, smiling Ben sort of gave himself away.

"Sure, I keep up with the tournaments," he said. "I read everything the newspapers carry. Oh, I know what's going on all right."

## Track Sked For Season Already Set

By CHARLEY STINE

Nineteen athletic contests, exclusive of tournaments, were announced today for Senior high spring sports teams by faculty manager of athletics Fred Staub. Eleven track meets had already been listed, and several other contests for baseball, golf and tennis teams are being sought.

The track team was scheduled to open its campaign this afternoon against Columbus East at Stadium field. The first event was set for 1:30.

Seven baseball games, eight golf and four tennis matches have been placed on the slate, as well as at least one outing in each sport in tourney play. The baseball team plays in the sectional tournament here, while golf and tennis teams go direct to the regionals. The district track meet, as always, will be at Senior high's Stadium field.

**MOVE BALL GAME**

One change has been made in the baseball schedule. The first game with Madison was moved from April 15 to April 14 when it was discovered the former day was Good Friday.

All except the golfers have already held practice and the club-swingers will start next week. V. H. Oberlander, who will again tutor the squad, has called the first meeting of the links aspirants for Monday.

Staub, who doubles as tennis coach, reports that he has 15 boys on the squad, including two lettermen. No cuts will be made but only five boys will be taken on road trips.

Lettermen are John Crouse and Jim Morris, while Bob Ward and Joe Vivian were on the squad last year but did not play enough to win a monogram. Other candidates are: Bill Bolin, Jack Kindel, Chuck Young, Harold Schaus, Don Elias, Bill Reale, Orlo Smith, Fred Pryor, Mike Oliveri, Jack Welsh, and Gene Miller.

All matches will be played at Maple Lake park.

## *Rita Can't Help Aly Escape Last*

PARIS — (UP) — Even Rita Hayworth's cheers from the grand stand couldn't bring in Prince Aly Khan a winner.

The multi-millionaire Prince turned jockey and rode one of his own horses yesterday in the second race, a 2,100-meter (2-289 yards) affair for $644, at the St. Cloud track.

Aly, atop Lightship, finished last in a field of 14 horses after leading for a few seconds at the start.

## Sign Cleveland Semi-Final Bout

CLEVELAND — (INS) — Cleveland's Chuck Hunter, negro light heavyweight, and Chubby Wright of Reading, Pa., will tangle in a supporting 10 round bout at the Cleveland arena a week from Monday.

Artie Levine of Brooklyn will exchange blows with dynamite Dick Wagner of Portland, Ore., in the 10-fame feature match. In a six-round preliminary, Johnny Bassett, light heavyweight, takes on Paul Simpson of Cleveland.

**HOCKEY PLAYOFFS**
International League.
Winsor Hettche 6 Toledo 2 (best of seven series, tied, 3-3)

**ENTERS FINAL WEEK**—The 46 specially-constructed alleys in Atlantic City's Convention hall enter their last week of usage tomorrow as the 57-day run of the American Bowling Congress nears its end. When the tourney closes, 30,000 bowlers will have taken part, shooting for a half-million dollars.

## Four Moose Lodge Maple Stars Make Honor Roll

At least four fellows weren't "fooling" when they bowled last night in the Moose league. The quartet—Glenn Lanning jr., Ed Burger, Ray Shively, and Fritz Vogel—all blasted their way onto the top of today's bowling roster with scores of 600 or better.

Lanning's 205-197-213—615 was tops. Burger had 612, Shively 605, and Vogel just made the circle with an even 600.

Next in line was Ray Kindiger with 575. Others above 550 included: John Holda, 568; C. Henry, 563; Paul Walrick, 560;; Sels Michalski, 559, and Hal LeMunyon, 554.

★

Evelyn Marshman lived up to her reputation as the city's ranking woman bowler by knocking out consistent games of 185-181-188—554 in the Women's Commercial B league. She paced league-leading Gay Nineties to a two out of three win from K and D Cafe.

Thelma Cox spilled 540 pins for Ingram-Martin as it swept three from Hart's Dairy to pick up one game on the leaders. Marty Dye rapped out the top single game, 203, and a 513 series for All-State Freight while Helen Wilhelm counted 504 for Urschel Insurance.

Gerry Harrod tossed 497 for Gay Nineties. Mary McMullen had 491 for Ingram-Martin and Mary Dintamin 480 for the same team.

★

Vincent Kutschall vaulted into the honor roll department with a 201-196-213—610 score in the Independent league. George Hall was runner-up but nearly a hundred pins behind with 518. Ed Stima had 514; Tom Letizia, 506; and John Holda, 500.

★

A 541 series by B. Hauck led Westinghouse D bowlers. Joe Cheney was close with 537, L. Stortz and H. Davis were tied with 523 and John Carr counted 517. John Bautz had 498.

★

Maintenance moved into a tie with Factory for the Barnes Manufacturing league lead by sweeping three games from Roget while Factory took two of three from office. Gene Rudolph and B. Walker paced the Maintenance team with scores of 539 and 532. John Rhoads tallied 512, and H. Warne 491.

Virginia Rhoads and Christine Au led the Women's league with 435 and 403

## *Two Olympic Champs Lose In AAU Swim*

DAYTONA BEACH, Fla. — Some new names will be on the list of champions when the national AAU men's indoor swim meet ends tonight.

Two young swimmers already are in as new titleholders. They made the grade yesterday by winning over a pair of Olympic champs.

Keith Carter of Purdue university unseated Joe Verdeur of Philadelphia in the 200-yard breast stroke and Robert Gibe of Detroit upset Bill Smith of Ohio State in the 220-yard free style.

**Carter's victory was not completely unexpected. After following Verdeur to the finish line for three years, Carter beat him in the national collegiate meet a week ago. His time yesterday was two minutes 30.7 seconds—just two tenths of a second slower than the record.**

In beating Smith, Gibe swam the 220, two minutes 10.8 seconds—slower by almost three seconds than the 2:08 record. It was his first victory in national competition. Bill Huener of Northwestern university also nosed out Smith, finishing second to Gibe.

**NEW HAVEN LEADS**

The New Haven, Conn., swim club won the 400-yard free style relay event and took the lead in team points after two days of competition. New Haven had 24 and Ohio State was second with 22.

With the three-meter diving event and the 440-yard free style coming up today, Mike Peppe's Ohio State mermen were poised at the edge of the Daytona beach pool in more ways than one.

They were practically on the verge of winning their seventh AAU indoor swim meet.

## Portsmouth Team Out Of Legion Cage Meet

BEAVER FALLS, Pa. — (AP) — Play in the National American Legion basketball tournament reached the semi-finals today with the favored Kankakee, Ill., five still in the running.

Kankakee had a tough time defeating Portsmouth, O., 49-46 last night. The game was tied up 13 times.

## *Gavilan Takes Second In Row From Williams*

By JACK CUDDY

NEW YORK — (UP) — Kid Gavilan of Cuba, twice conqueror of Ike Williams, seemed destined today for a welterweight championship fight with Ray (Sugar) Robinson at Yankee stadium on June 8.

Robinson told Harry Markson of the 20th Century club today he was willing to risk his 147-pound crown in June against Gavilan if they could come to percentage terms.

**Gavilan, a sweet fighter from the sugar island, earned the right to a shot at sugar Ray's title by winning the unanimous 10-round decision over lightweight champion Williams before 18,201 at Madison Square Garden last night.**

As in their two previous bouts, Williams' 135-pound crown was not at stake in the "rubber match."

Gavilan's stronger finish enabled him to upset brown-skinned Ike of Trenton, N. J., who had gone into the ring favored at 9-5 because of his superior punch.

**Williams, who had won the unanimous decision in their first bout on Feb. 27, 1948, appeared to have a slight advantage going into the eighth round last night.**

However, the terrific pace and Gavilan's weight advantage of one and one-half pounds began to take their toll. The lightweight king slowed up, but Gavilan came up with a furious attack of Bolo uppercuts to body and head and "repeater" left hooks to the chin.

There were no knockdowns, but each principal was well-rocked at times. Williams gashed the corner of Gavilan's right eye in the third round, and Williams had a large mouse under his left eye at the finish.

## Owens Leap Mark Smashed In LA

LOS ANGELES — (INS) — George Brown of Jordan high school, Los Angeles, holds a new national inter-scholastic broad jump record today with a leap of 25 feet, 2½ inches.

The jump yesterday bettered the record of 24 feet, 11¼ inches set by Jesse Owens for East Tech high in Cleveland in 1933.

Brown's coach predicted that the youth would do 26 feet before the end of the season.

## Londos, Carnera Wrestle to Draw

DETROIT — (INS) — Ageless Jim Londos today shared a toehold on his version of the world's wrestling championship with a fellow who once held the heavyweight boxing championship of the world.

The 49-year-old Londos wrestled to a draw with Primo Carnera last night before a Detroit crowd of 9,472 — who paid $18,061 to see the "world's championship" match.

## East-West Stars Play In New York

NEW YORK — (AP) — Collegiate basketball bows out of Madison Square Garden for the season tonight when hand-picked squads representing the east and the west meet in the fourth annual all-star game. The contest is sponsored by the New York Herald Tribune for its fresh air fund.

The western squad will be trying to square the series in this contest. Eastern teams triumphed 60-59 in the 1946 inaugural and 58-47 last year. The west won, 66-58, in 1947.

## *Galion Hoopsters Get Monograms*

GALION — Eight Galion high school athletes have been awarded basketball letters by Coach Dick Backensto.

They are: Richard Dye, Everett Dysinger, Robert Lake, Robert Tink, Harold St. Clair, Dick Neuman, Bill Wisler and Ray Seif. Seif, who made the first All-Northern Ohio league team, led the individual scoring column with 270 points for a 15.9 average.

## 8 Mansfield Boxers Sign For Matches

Eight Mansfield fighters—two from the Friendly House and six from the YMCA—will take part in the Ashland Junior Chamber of Commerce boxing show set for 8 p. m. Monday in the Ashland armory.

James Middlebrook, Friendly House 130-pounder will meet Harold Reep, the hard-hitting Ashland lad who knocked out Ulysses Calloway with one punch here Monday night. Bill Willborn, 160-pound F-H newcomer will meet Dick Bonfiglio, also of Ashland.

**The "Y" boxing class, in progress since the first of the year under Pro Ray Bennett, will send four inexperienced youths and two who have fought in Friendly House tournament.**

The two who have fought before are Dick Hahn, 112, who will meet Bill Davis, also 112, Marion and Willy Stevens, 124, who will meet Rollin Scott, 125, Ashland.

Other bouts on the card include:

Dave Halterman, 123, Ashland, vs. Skip Crause, 124, YMCA.

Jackie Malone, 135, Marion, vs. Chester Stevens, 134 YMCA.

Jim Reynolds, 136, Ashland, vs. Walt Stiegele, 135, Akron.

Ray Seymour and Junior Wynn of the Y will meet yet unnamed opponents.

★

Five Friendly House boxers will take part in an amateur boxing show set for tonight at the Antler hotel in Lorain.

Representing Mansfield on the card, will be Don Esbenshade, who is set for a semi-final bout, Howard Carney, Bill Eberhardt, Bruce Heinberger, and Lofton Fuqua. Opponents for none of the boys were announced here.

Johnny Papke of Cleveland is promoting the show.

★

Friendly House Boxing Director Mike Wentz has announced that the May 2 show planned for the Colby and Earick showrooms will be strictly an all-star affair. All efforts will be made, he said, to bring in the best boys that have appeared here in the past and match them against one another.

Among the boxers who will be on the program will be Silent Ogletree, the Cleveland mute who knocked out Carroll Combs of Marion in 45 seconds in the Feb. 28 show. Ogletree is a 135 pounder.

★

Bill "Red" Mathias, Galion heavyweight who has appeared on several cards here, was due to leave for Boston today where he will compete in the National AAU boxing tournament.

Mathias won the Ohio AAU title last week in a tournament at Springfield.

## *Zoldak and Vernon Also Worry to Lou*

(Compiled From Wire Services)

TUCSON — Manager-Shortstop Lou Boudreau today called Pitcher Bob Feller's work so far this year with the Cleveland Indians a big disappointment.

Moreover, he told a reporter, if the regular baseball season started next week he would cancel his intention to start him against the St. Louis Browns.

"Feller and Sam Zoldak (another pitcher)—they have been the big disappointments of an otherwise satisfactory training season," said Boudreau.

**"Unless conditions are just right, Bob feels in advance that he can't do his best work. That's the wrong attitude. He has to meet conditions as he finds them, not hope that the conditions will meet his special requirements.**

"I had intended opening the season with Bob in St. Louis and giving Gene Bearden the home opener in Cleveland three days later.

"But if we were opening next Tuesday, instead of two weeks from then, I'd have to pick my starter from among Bob Lemon, Steve Gromek and Early Wynn."

**PAIGE TO PITCH**

Meanwhile, Ol' Satchmo Paige, who hasn't given up a run so far this spring, takes the mound for the Cleveland Indians today against the Pittsburgh Pirates at Tucson.

The ageless Negro, who will be relieved by Early Wynn, was scheduled to hurl against the Chicago White Sox yesterday at Randolph field, but rain cancelled the contest.

After today's fray with the National leaguers, the Tribe has only one more tilt before heading east. They meet the Pirates again tomorrow.

**Despite the fact that Boudreau has been told that Zoldak is a slow starter, he is very concerned about the poor performance of the sober-faced lefthander.**

Johnny Berardino explained that Sad Sam always was slow to get started in the spring with St. Louis. Berardino and Zoldak were teammates on the Browns for a few years.

Mickey Vernon also has put a few gray hairs in the manager's head. Vernon, who was obtained from Washington during the off-season, has been totally unimpressive both at bat and in the field in the last two weeks at the Tribe's training base.

Jose Santiago and Ros Welmaker, Negro pitchers, today were sent to the minors by the Cleveland Indians.

Santiago will return to Dayton of the Central league, for whom he pitched briefly last year, while Welmaker went to Wilkes-Barre of the Eastern league, another Cleveland minor league farm.

## *Rough Stuff Scheduled In Armory Bouts*

Mansfield wrestling patrons, who like their mat work in the rough category, should be able to get their fill tonight at the armory.

The grunt and groan species of villains abound on the three-bout card listed to open at 8:30 p. m.

**Meeting in the main event will be Whitey Whittler, tops in the eye-gouging, trade, and Stacy Hall, the Columbus city dectective. Hall became Whittler's third straight Mansfield victim last week but feels he got a raw deal and will be after some revenge tonight.**

Wild Bill Zimovich, the ex-Marine, takes up the rough-house business in the two-of-three falls semi-final against Karol Krauser. The big Polish matman also fell before Whittler in a main go here several weeks ago.

The one-fall prelim pits Chicago's Frankie Talaber against Ronnie Etchison. Talaber is the former junior heavyweight champ while Etchison won over Jim Wright in his only Mansfield appearance.

## 100 Buckeye Gridders Set For Outdoors

COLUMBUS — (INS) — One hundred men and a football or two or three will be seen romping over the greensward of Ohio State's practice field for the first time in '49 next Monday.

Which is another way of saying outdoor spring practice is practically here for a six-week stay culminating in the annual spring clinic game May 14.

**Right now, the bright stars in the buck diadem are: Captain-elect Jack Wilson of Xenia, Dick O'Hanlon, tackle; ends Jimmy Hague and Sherwin Gandee; Jack Lininger at center; Pandel Savie at quarterback, and Jerry Krall and Jimmy Clark, halfbacks.**

In addition, there's a promising flock of freshman, which, incidentally, won't include Dick Corless of Akron, freshman star last year. The first-string fullback has withdrawn from school for some unknown reason. He was a transfer from Michigan state.

However, no man is indispensable and state has this bunch of freshmen to prove it: halfback Vic Janowicz of Elyria; center Robert Heid of Fremont; halfback Carroll Smith of Sebring; end Walter Klevay of Independence and tackle Julius Wittman of Massillon. Others may make the grade if they can clear away the classroom fog.

## Federal Judge Denies Motion Of Reinstatement

NEW YORK — (INS) — John L. Flynn, attorney who is representing Max Lanier and Fred Martin, prepared an appeal today on the decision of federal judge Edward A. Conger against his two clients yesterday.

Judge Conger denied a motion by the two former pitchers of the St. Louis Cardinals that asked their reinstatement into baseball immediately. The pair was suspended for jumping to the Mexican league after the 1945 season.

Flynn will file his appeal Monday. He expects the circuit court of appeals to hear his plea Tuesday.

Judge Conger stated that his decision would have no bearing on the $2,500,000 damage suits filed by Lanier and Martin against organized baseball.

# *Three Ball Clubs Deny Million Dollar Deal*

PHOENIX, Ariz., — (UP) — A storm of denials today followed in the wake of a reported million dollar three-way deal involving the New York Giants, Brooklyn Dodgers and Pittsburgh Pirates.

According to the local report yesterday, the Giants were to send Johnny Mize to the Dodgers and Walker Cooper and Bobby Thomson to Pittsburgh. Among the players the Giants were to receive in exchange were Kirby Higbe and Clyde McCullough of the Pirates. Several undisclosed Brooklyn Players also were involved.

Managers Leo Durocher of the Giants and Bill Meyer of the Pirates both insisted "there is nothing to it." Giant owner Horace Stoneham echoed Durocher's denial and Frank McKinney, Pittsburgh president, declared, "that's the first I've heard of such a deal" when contacted at his home in Indianapolis.

In New York, meanwhile, the Daily News reported that Mize and infielder Bill Rigney were "almost sure bets" to be traded to the Dodgers for infielder Eddie Miksis and pitcher Erv Palica, with the deal to be consummated in El Paso, Tex., on Monday.

### *Fox Gets Chance . . .*

TAMPA, Fla., — (AP) — Howard Fox will get his third chance today to establish that he should be rated as a Cincinnati Reds' starting pitcher.

Fox, from whom fine things were expected this season, has failed miserably in two previous spring training starts but Manager Bucky Walters planned to send him to the mound again today against the Boston Braves.

The Reds snapped out of their three-game losing streak yesterday but it took 10 innings for them to lick the Detroit Tigers, 3 to 2.

It was a pleasing performance for Walters even though Cincinnati was outhit 12 to 6. Veteran pitchers Johnny Vander Meer and Harry Gumbert did some nifty flinging as they scattered the dozen Tiger hits so effectively the bengals left 12 men on base.

The Red infield came through with three double plays with Charlie Kress, rookie first sacker, starting two of them.

In the hitting department, the stars of the piece were Danny Litwhiler. Hank Sauer and Grady Hatton. Litwhiler and Sauer connected for consecutive homers off Hal Newhouser for the Reds' first two runs and Hatton's sizzling single scored Bobby Adams with the winning run.

The blow has Hatton's eighth in the last three games.

### *Ted Can't Hit . . .*

LAKELAND, Fla., — (AP) — Ted Williams, Boston Red Sox star who has had difficulty hitting New York Yankee pitching in regular season play, is having just as much trouble in exhibition games against the Yanks.

Williams, defending American league batting champion, has failed to hit safely in 11 trips to the plate against the Yanks in three games.

Yesterday he went 0 for 5 as the Yanks beat the Sox, 4-3, in ten innings.

The Red Sox were elated over Tex Hughson's first showing of the season against American league opposition. He retired with a 3-2 lead after pitching six innings against the Yankees. In five of thos innings he was reported "terrific."

### *Sport Top Hitter . . .*

TAMPA, Fla., — (UP) — The Boston Braves, sporting a brand new belligerence, breezed into Tampa and brought with them the "hottest" hitter in the grapefruit circuit — first baseman Earl Torgeson.

Torgeson blasted a homer and three singles yesterday and ran his consecutive batting streak to nine straight hits as the Braves beat the St. Louis Cardinals, 5 to 3. Southpaw Glenn Elliott went the distance for Boston and yielded 10 hits.

## Jesus Faces the Cross — ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

Scripture—Mark 8:27-9:1, 31-34; Luke 9:28-36; 51.

Jesus asked His disciples who people said He was. They said John the Baptist, Elijah or one of the other prophets, but when He asked who they thought Him, Peter answered, "The Christ."

Then Jesus tried to tell His friends what was in store for Him—His suffering on the cross, death and resurrection, but they did not understand and Peter rebuked Him.

Jesus, in turn, chided Peter, saying, "Get thee behind Me, Satan," and He told them that any who would follow in His footsteps must also bear His cross and accept martyrdom.

Taking Peter, James and John, Jesus went up into a high mountain, where, before His apostles' eyes, He became transfigured, His face and body white. MEMORY VERSE—Mark 8:29.

### Church Leaders Ask End to Labor Fight

CLEVELAND — (INS) — Four Cleveland religious leaders have asked the Fawick Airflex company of suburban Brooklyn and the CIO United Electrical Workers to seek settlement of their dispute "peaceably" around the conference table.

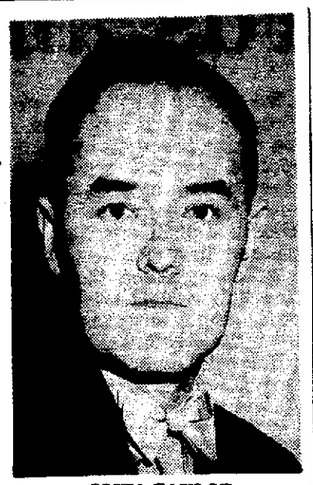

Numerous disturbances have marked a strike, which began at the plant March 7 when the company withdrew recognition from the union because of its failure to comply with the noncommunist provision of the Taft-Hartley law.
